

Please reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming we need.

We drive over the road and have an XM Radion in the truck. We choose to pay for this service as it keeps us up to date on traffic in areas we run also we aren't having to try to serf the channels to stay tuned in to something to listen too since we never lose signal as we do with regular radio. Tell NAB to back off and leave XM alone. XM is really a blessing to anyone spending hours on the road needing information in todays world.

Sincerely,

An XM Subscriber  
Sharon Nash
